

C Series

Options & Features

Cool Surface System HDK

In the past, wall mounted televisions or treasured decor pieces would degrade over time from the excess rising heat produced by your gas fireplace. Our new **Cool Surface System** for the C Series allows you to make use of the valuable real estate directly above your linear gas fireplace. It can channel heat inside the wall and vent it out above the fireplace.

(Included with the C60 Tall)

Power Vent Kit

- A minimum venting run of 10 feet
- A maximum venting run of 110 feet
- Max of 6 elbows in vent configuration
- Venting can run downward 4' below the unit
- Flush mount (paintable) termination
- Run Quiet Fan System (noise reduction)
